Incentive Claim Option (choose one)

Select one of the following to indicate which incentive option is being utilized. For Dealership Point-of-Sale Incentives, dealer sales staff will work with customers to complete the application form and submit the required documentation. Dealers will clearly credit the customer down payment for an electric vehicle purchase or lease for eligible customers participating in the State Incentive Program.

Incentive Attestation (to be eligible for an incentive, you must verify the following three statements are true)

- I verify my adjusted gross income reported on my most recent tax return filing meets the requirements in Table 1 below for the incentive I am claiming and understand this is subject to audit by the State of Vermont.
- I verify I have not received an incentive under the Vermont PEV incentive program for at least 12 months.
- I verify I have never received an incentive under the Vermont Replace Your Ride program (verification only if you selected "Replace Your Ride Incentive" option above).
- I agree to the current Terms and Conditions and the Program Guidelines in place at the time of my application submission.

Vermont New PEV & RYR Program Terms & Conditions

- Customer must be a Vermont resident and meet income qualifications outlined in the Program Guidelines.
- Limit of one incentive per individual per year, as determined by a minimum 12-month elapsed time from a prior State of Vermont EV incentive approval.
- Vehicle must be registered in the State of Vermont.
- State Incentives are only available on new vehicle purchase or leases of eligible models with a base MSRP of \$50,000 or less for Plug-in Hybrid Electric Vehicles and All-Electric Vehicles. Vehicle MSRP exemptions are only available for individuals with disabilities that require special registration plates and placards as defined in 23 V.S.A §304a.
- Eligibility for personal use vehicles only; not available for vehicles intended for resale.
- Customers receiving the point of sale/lease option acknowledge the dealership has applied the incentive amount to the down payment of the vehicle. The dealership is responsible for submitting this form and supporting documentation and will receive the incentive amount in full.

FOR NEW VEHICLES

- Leases must be for a term of 12 months or longer to be eligible for an incentive.
- The State of Vermont may request participation from incentive recipients in ongoing research efforts. The State and/or its designee(s) may administer electric vehicle owner surveys or other outreach to collect data and other information pertaining to the recipients' EV purchase and ownership experience.
- The Vermont Agency of Transportation (VTrans) has the right to audit eligibility for this incentive. In the event of an audit, VTrans will require the applicant to complete a State of Vermont Tax department form 8821-VT (Authorization to Release Tax Information). Following receipt of this form, the Tax Department will release the relevant State of Vermont income tax return (form IN-111) information to VTrans for verifying that the applicant's income met the State incentive program requirements for the incentive amount received. Failure to provide the State with a completed form 8821-VT within 21 days following a written request will cause the applicant to be deemed non-responsive and thus ineligible for the incentive. If an applicant is deemed ineligible for the State of Vermont incentive amount claimed—either due to their nonresponse or by an audit finding—then the applicant will be obligated to repay the State the full amount of the incentive received plus interest at the statutory rate from the date the incentive was awarded.
- The State of Vermont EV incentive may be considered taxable income by the U.S. Internal Revenue Service and the Vermont Department of Taxes. It shall be the sole responsibility of the recipient, individually, to seek professional advice and determine the tax consequences of receiving an incentive.
- The total incentive pool is equally available to all eligible Vermont residents on a first-come, first served basis contingent upon funding availability.

For Replace Your Ride Program participants, the following terms and conditions must also be met:

- Scrapping must be in conjunction with the purchase of an eligible New/Used vehicle through the Vermont New PEV program, or the MileageSmart Used PEV Program.
- Limit of one Replace Your Ride incentive per individual for the life of the program.
- Replaced internal combustion engine (ICE) vehicle must:
 - Currently be registered in the State of Vermont.
 - Have a manufacturer model year of at least 10 years from current year (e.g., Year 2022 = model year 2012 or older).
- Be operable under its own power:
 - Drive thirty (30) feet in forward and in reverse under its own power without any assistance.
 - Start readily through ordinary means without any assistance.
- Applicants participating via the Vermont MileageSmart Program also agree to all eligibility guidelines and requirements that are in place at the time of their MileageSmart application.
- The Replace Your Ride State Incentive is only available for applicants scrapping their vehicle in conjunction with the purchase of a new or used eligible PEV from an eligible dealership.
